

TO: Region Operations Unit Managers
FROM: D. L. Bomgardner
DATE: March 21, 1996
SUBJECT: VAP Process

As part of our Allocation/VAP Task Force responsibilities, we are looking into various alternatives to streamline the process.

Attached is the VAP process mapped out to include the various steps and detail associated with each throughout the entire process.

I would appreciate your review and comments concerning this process. Comments from the appropriate ROU Coordinator will be valuable in this assessment. Since we are under tight constraints, I would appreciate your comments faxed (910/741-7851) to me no later than Monday, March 25, 1996.

Once all the information is gathered, I will convene a Task Force to recommend revisions.
